

Photo Booth Recap: Boise Design Week

PRODUCED BY DJ RAMIREZ · AUGUST 6, 2026 · PREPARED FOR MOX

The MOX photo booth at Boise Design Week. MOX team on the ground: DJ and Jonah. Light crowd, but we got in front of the right people: a few genuine heavy hitters, faces from other agencies, and every one of them left with the MOX brand in their pocket. When the competition lines up to take home your logo, the night worked.

THE BRAND RODE ON EVERYTHING

Branding was not a watermark afterthought. Every strip and every GIF carries the MOX mark in the artwork itself. Every GIF closes on a branded end card with **WEAREMOX.COM**. Every email arrived from MOX with replies routed to connect@wearemox.com. Nothing left the booth unbranded.

AN INTERACTIVE VERSION OF THIS REPORT WITH ALL 25 GIFS PLAYING AND A ROTATING GALLERY LIVES IN THE SAME FOLDER: "MOX BOOTH RECAP (INTERACTIVE).HTML" - DOUBLE-CLICK TO OPEN.

HIGHLIGHTS

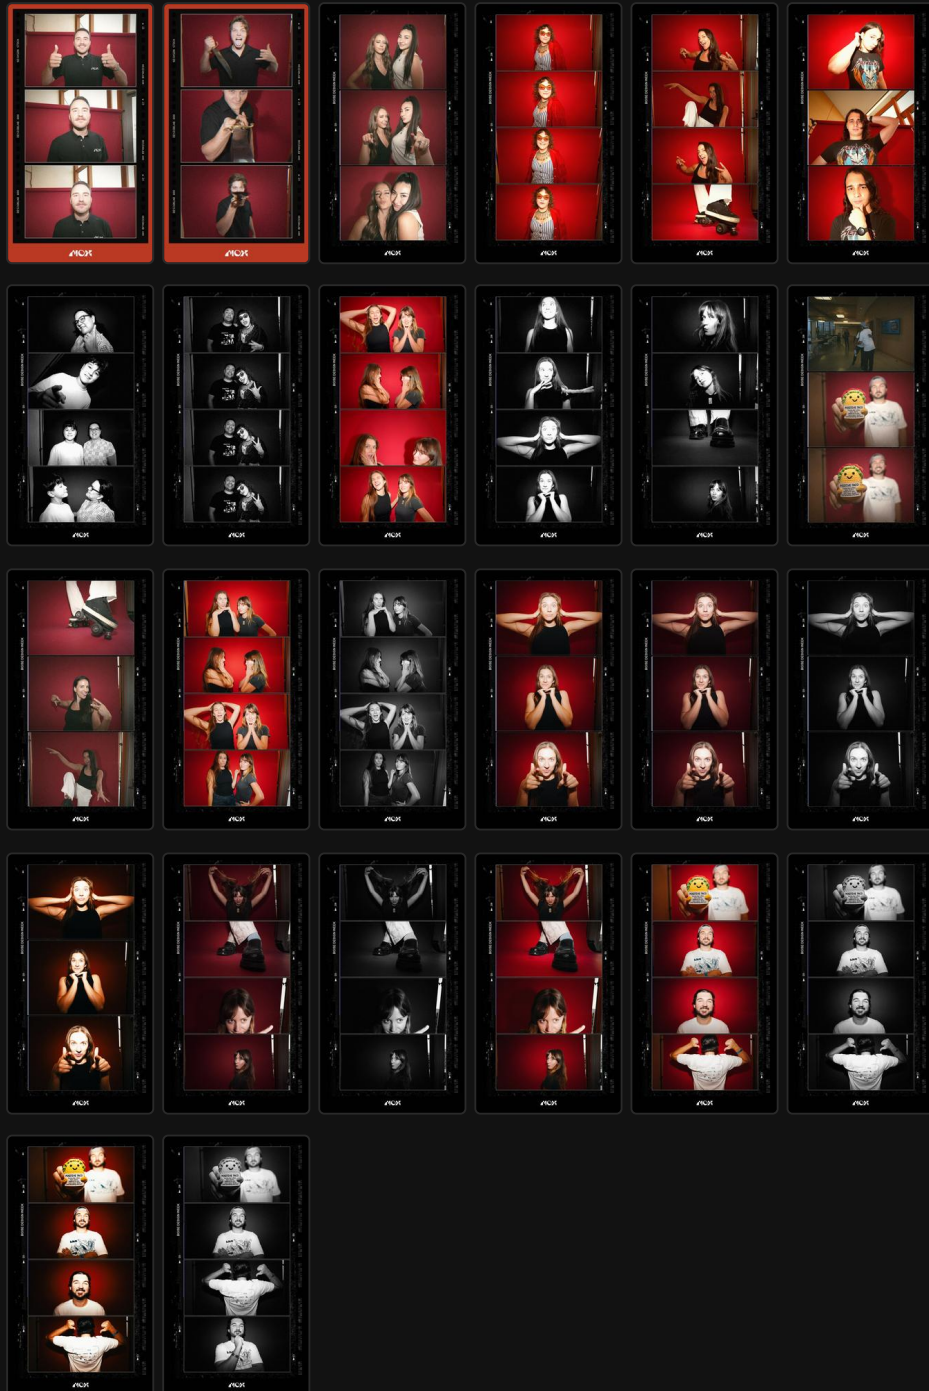

FINISHED CARDS AND FRAMES FROM THE ANIMATED GIFS. GUESTS CHOSE FROM 8 LOOKS INCLUDING A CUSTOM MOX BRAND DUOTONE, AND 3 FORMATS.

THE GIFS

25 GIFS BUILT FROM THE NIGHT'S SESSIONS, GRADED ON REAL FILM STOCKS (PORTRA 400, KODAK GOLD, ILFORD HP5, KODAK 2383 CINE). EACH LOOPS THROUGH THE SHOTS AND CLOSES ON THE BRANDED MOX END CARD WITH WEAREMOX.COM.

THE FILM STRIPS

26 FINISHED FILM-STRIP CARDS, EVERY ONE CARRYING THE MOX MARK.

DELIVERY

Most sessions rendered several versions across the looks and formats before the guest settled on a final. **12 branded email deliveries** went out, each verified against the mail server. Guests who preferred to keep their photos off any list got them AirDropped straight to their phone at the kiosk, no email required. Those direct hand-offs happen device to device, so they are not individually logged.
